

# 5 REASONS TO CHOOSE DIGITAL RADIOS

## COVERAGE

Meet specific requirements, from a single-site warehouse to multi-site manufacturer.

**01**  
**COVERAGE**

## CAPACITY

Handle peak usage, use dedicated licensed spectrum and are right-sized to an operation's needs, so calls always get through.

**02**  
**CAPACITY**

## COST

Have predictable costs, with no additional airtime fees like cell phones.

**03**  
**COST**

## CONTROL

Have a high degree of control over system requirements, design, priorities, features and operation; system can be configured for a specific use case.

**04**  
**CONTROL**

## CAPABILITIES

Integrate capabilities such as GPS, text messaging, and transmit interrupt that are not cost-effective on analog systems.
